# UPDATE

\$2.00 each

[www.bostonbarbc.net](http://www.bostonbarbc.net)

August 2014

On July 17th at our Town Meeting, we were visited by both Emergency and Forest Services. In view of the numerous current wildfires, the extreme dryness and temperatures in our immediate area, it has been strongly suggested that we all be “cautiously alert” and review our readiness for an interface wildfire emergency here in the Canyon.

**In the event of an Interface Fire, here are some ways to prepare ahead in the event of an evacuation order:** (The normal 72 hours emergency plan should be doubled, on the advisement of the Emergency Services Manager:)

- \*Organize all medications and personal toiletries, changes of clothing, footwear, identification, insurance papers and other important documents and emergency items and have them ready to go.
  - \*If you have pets or livestock, prepare water, food and basic needs for their evacuation as well.
  - \*Keep your vehicle's gas tank at least 3/4 filled and packed with basic items.
  - \*Ensure there is enough water for all members of the household (2 liters of water per person, per day).
  - \*Have cash on hand in case power is affected and debit/credit cards cannot be used.
  - \*Have an escape plan so that all family members know how to get out of the house quickly and safely and know where to meet.
  - \*Discuss a contingency plan in case family members are separated. Have an out of town or province contact that everyone knows.
  - \*In the event of an evacuation order, have a flashlight, battery-operated radio and a first aid kit.
  - \*Please be aware of disabled or ill neighbours and their ability or lack thereof to respond to an evacuation order.
- Stay alert for changing conditions.** listen to your local media and follow the instructions of emergency officials. You can also get updates on wildfires of note at [bcwildfire.ca](http://bcwildfire.ca).

Move all combustibles away from the house and outbuildings of possible. If there is time, close and lock all windows and doors, turn off lights and utilities, and if you have a sprinkler system, consider keeping the roof and areas around your home irrigated.

Response plans include a three-stage public safety evacuation process:

**Evacuation Alert:** Local authorities will issue a warning of an imminent threat to life and property. People are asked to be ready to leave on short notice.

**Evacuation Order:** When imminent risk to the population is determined, local authorities will order people to leave the area immediately. The RCMP will enforce evacuation orders.

**Evacuation Rescind:** The order or alert is lifted by local authorities when it is determined that the area is safe for residents to return to their homes. An order may be reinstated if a threat returns.

More information is available in The Emergency Preparedness Guide, a publication in multiple formats: audio CD, Braille, large print and electronic text. To order, please call 1-800-O-Canada (1-800-622-6232)

(Please go to Constable's Corner on page 14 for more information regarding fire ratings and restrictions)

Referrals are currently being accepted for this year's **Camp Skylark** which will take place September 12-14 at beautiful Camp Squeah. It is open to children ages 7-12

**Contributed by Ken Hurley – Camp Skylark Director**  
“Camp Skylark's bereavement camp begins it's 10<sup>th</sup> year sponsoring children ages 7 to 12 who have suffered a loss in their lives. The camp takes place at beautiful Camp Squeah, just 20kms., North of Hope. As this is my first year as Camp Director I feel both humbled and honored to have been given the opportunity to participate in such a giving cause.

Kim Campbell, last years Camp Director in her article in the Standard, articulated eloquently how Children often suffer loss, quietly and in isolation. Quite often children are confused by what the loss means or if it really happened at all and will mask their feelings in hopes it will just all go away.

Through a variety of shared activities at Camp Skylark, such as remembrance ceremonies that they build themselves, music therapy, rock climbing, archery, hiking, exploring the surrounding forest, shared time around the campfire, art, and other fun activities each child has an opportunity to open up, to better enable them to share their feelings with their peers and the volunteers who facilitate the activities.

The experiences described by some of the volunteers and campers who have attended the camp over the past 10 years, is that the feeling of isolation, or suffering alone seems to be magically lifted through these shared experiences. Camp Skylark will allow the child to begin to build meaningful remembrances of their loved ones, something they can then take with them as they walk life's path.

Our hope is that through these experiences the memories they build at camp, will sustain and empower their lives while guiding them to a kinder, gentler acceptance of their loss in the future.

If you are interested in attending camp as a volunteer, or if you know of a child who would benefit from attending, contact Ken by phone at 604-807-5444 or email at [campskylark@gmail.com](mailto:campskylark@gmail.com) or visit our website at <http://www.frasercanyonhospice.org/camp-skyllark.html> to get a Camper Application Form.”

To residents of Boston Bar & areas from Lytton to Yale:  
The **Kidney Mobile Team** has been re-booked for September 30th 2014 at the **Anderson Health Clinic**. At least 25 - 30 appointments are needed in order for this FREE service to come to our area. All that is required is your status or medical card. To book an appointment, call Georgina Campbell at 604-867-8844

**Fraser Valley Canyon Heats up as Summer Sizzles On**

The familiar buzz of the summer season is back; not bees or mosquitoes but helicopters buzzing overhead. As the summer sizzles on, you may have noticed smoke on the local mountains. Forest fire season is in full swing and Boston Bar RCMP are in close communication with local crews who are working hard to protect our forests. With the familiar sight of helicopters and fire crews in mind, please take a moment to acknowledge the hard working men and women and give them a wave.

As you read this, **the current fire danger rating is high**. This means Category 2 Open Fires are prohibited in the Coastal Fire Centre, including camp fires, backyard and debris burning. Category 3 Open Fires are also banned in the Coastal Fire Centre except in the "fog zone" and Haida Gwaii. The use of fireworks, burning barrels tiki torches and sky lanterns is also not permitted. The prohibition does not apply to CSA-rated or ULC-rated cooking stoves that use gas, propane, or charcoal briquettes, or to a portable campfire apparatus that uses charcoal briquettes, liquid or gaseous fuel as long as the height of the flame is less than 15 centimeters.

**Here are a few definitions to help you navigate the restrictions and bans:**

**Category 2 Open Fire** - An open fire, excluding a campfire, that burns piled material no larger than two meters high and three meters wide, or grass over an area less than 0.2 hectares (2000 square meters) in size.

**Category 3 Open Fire** - An open fire that burns material in piles larger than two meters high and three meters wide, windrows, or grass over an area larger than 0.2 hectares (2000 square meters) in size.

**Campfire** - An open fire that burns piled material no larger than 0.5 m in height and 0.5 m in width and is used by any person for recreational purpose, or by a first nation for a ceremonial purpose.

**BC's Fire Danger Ratings:**

**Low:** Fires may start easily and spread quickly but there will be minimal involvement of deeper fuel layers or larger fuels.

**Moderate:** Forest fuels are drying and there is an increased risk of surface fires starting. Carry out any forest activities with caution.

**High:** Forest fuels are very dry and the fire risk is serious. New fires may start easily, burn vigorously, and challenge fire suppression efforts. Extreme caution must be used in any forest activities. Open burning and industrial activities may be restricted.

**Extreme:** Extremely dry forest fuels and the fire risk is very serious. New fires will start easily, spread rapidly, and challenge fire suppression efforts. General forest activities may be restricted, including open burning, industrial activities and campfires.

*If you need clarification on these definitions or maps of current fires, visit <http://bcwildfire.ca/hprScripts/WildfireNews/Bans.asp>*

**Be On the Lookout For**

In the policing world, we have something called "BOLF's" or "Be On The Lookout For." In fact, you may see other "BOLF's" in this newsletter throughout the year as we look for your help. We may look for stolen vehicles, trailers or other things that others have had taken away. We believe that everyone can play a role in having safe communities so join us in making Boston Bar a safe community.

**In Boston Bar, RCMP are looking for a commercial flat trailer, with BC licence plate 31937D. It was stolen from a works yard in Boston Bar sometime between April 1<sup>st</sup> and May 5<sup>th</sup> of this year. If you know where this trailer can be found or you see it, please call Boston Bar RCMP at 604-869-7750.**

...OUR TOWN...

**Mabel Louise Nuttall (nee McKinnon)**

January 23, 1946 to July 10, 2014

Mabel passed away peacefully surrounded by her family after a short, but brave battle with cancer. Mabel was predeceased by her

parents Richard & Elsie McKinnon (Richardson), husband James, her son Lorne, and her grandson Justin. She is survived by her daughters Sherri (Jim) and Sheryl (Darren), 4 granddaughters, 2 grandsons and 6 great-grandchildren.

Mabel grew up in Boston Bar, got married & raised her children in the town she so loved. She wasn't one to venture far from home often, but as a waitress in town for over 50 years, she saw the world through the hearts and stories of those she met. She could always be counted on to listen, and was always genuinely supportive and happy for others. Mabel loved to cook, and loved to feed those she cared about. She always had a hot meal and an open door for anyone who may need it. She was an incredibly proud Mother, Grandmother, Great-Grandmother, and will be greatly missed.

We will be having a Celebration of Life event for Mabel on **August 16th, 2014** from 1:00 pm to 3:00 pm at the Boston Bar Community Hall.

Mabel loved to feed those she cared about, so in lieu of flowers, we ask that you bring a non perishable item for the Boston Bar/North Bend Food Bank or if so desired please make a donation to the Boston Bar/North Bend Food bank at Canyon Lanes in Boston Bar.

Mabel wouldn't have wanted anything fancy, so please feel free to come dressed casually.

**Sherri Forman** will no longer be managing the Thrift Shoppe at North Bend Community Place due to family commitments. We will all miss her wonderful smile and cheerful personality.

**Many thanks** Sherri, on behalf of the community, for all your long hours and hard work to help our little thrift store thrive!

**Lillian Forman** will now be managing the Thrift Shoppe. **New hours for August are:** Tuesday & Saturdays: 11 to 3:30.

**August Sale: \$5 a bag on all Summer Clothing!**

**Hit Me With Your Best Shot!**

Water Lily submitted by **Alison Ross**

**Jack & Dolores Firkins** would like to express their gratitude to all the relatives and friends, and the Anderson Creek Boston Bar Band, who demonstrated such kindness following the death of John Thomas Firkins and for their very generous donations towards funeral expenses.

Share with us your very BEST photo. Photos will be chosen at the editor's discretion and appear with full credit in the Update and on our website. Email your Best Photo to [ktillotson@lookieloo.net](mailto:ktillotson@lookieloo.net)

FRASER CANYON SHUTTLE BUS goes to Hope every Friday. And to Chilliwack on the last Friday of every month. Call **869-1831** to book a seat on this door to door ride.

## FRASER CANYON BETTER AT HOME PROGRAM

When our program was first started there were hopes of providing light house-keeping and light yard work under this program. Unfortunately, the funds we received only cover the shuttle bus at this time. I will be distributing a new client in-take form for people to apply to the program. The previous forms asked too many unnecessary personal questions. For your information when I report statistics, the clients name is never submitted. Ensuring confidentiality and respecting people's information is at the forefront of my mind all times.

### **! WANTED: VOLUNTEER ASSISTANT !**

The Better at Home Program is looking for a volunteer to act as an assistant on the Shuttle Bus on Fridays. Your fare would be FREE providing you assist seniors with carrying groceries, accompany on stops, etc.  
Please apply by calling the office at 604-869-1831.

*Round trip fares on the Shuttle Bus* for unqualified seniors and non-seniors are: \$20 to Hope, \$30 to Chilliwack. *Tickets can be purchased at Canyon Lanes (cash only please.)* (Rides for \$10 to Anderson Clinic and \$5 to Family Place for Wed. lunch).

**WOULD YOU BE WILLING TO DRIVE** a senior to Anderson Health Centre on a Wednesday for their medical appointment, and/or to free lunch at Family Place. Senior's Social Hour follows free lunch. If you need a ride to these functions or if you can provide a ride, please contact Patricia at BaHP 604-869-1831.

*"The good we secure for ourselves is precarious and uncertain until it is secured for all of us and incorporated into our common life."*  
~Jane Addams

## Annual General Meeting of Boston Bar Bowling Association

Monday, August 18th, 2014 at 4 pm

Canyon Lanes Meeting Room

### COOPERS RECEIPTS

Family Place in Boston Bar is eligible for complimentary \$25 grocery cards from Coopers for every \$5,000 worth of receipts. The receipts must be from Coopers in Hope and it must be dated in the current year.

*Your receipts can be dropped off at Canyon Lanes, Family Place, or with any BB/NB E.S. board member.*

**Thank you, every dollar helps!**

### **VOLUNTEERS NEEDED!!!!**

There are several residents in our midst, who are experiencing very challenging medical problems and need (non-medical) assistance with several tasks such as light housekeeping and yard work. I would like to have a list of people whom I could call upon to assist these people in any way possible.

I also need a list of willing individuals who can drive seniors to specialist appointments or medical testing that cannot be done on a Friday when the shuttle bus is available. There are no funds available at this time for remuneration but perhaps you would be able to coincide these individuals' appointments with your own personal needs that would normally take you out of our immediate area. If these acts of kindness appeal to your "volunteer spirit", PLEASE call Patricia Davison, 604-869-1831

## GARDEN TALK

*A place for all gardeners, experienced or just beginning, to share garden tips, tidbits of wisdom and a few memorable quotes here and there, for all our community's gardeners. We welcome your tips and ideas. Please share your gardening wisdom by sending an email to: [kjillotson@lookjeloo.net](mailto:kjillotson@lookjeloo.net) )*

### YOUR AUGUST CHECK LIST:

**Veggie Gardens...** Harvest fruits and veggies that are ready now. Keep strawberry runners in check. Prune out raspberry canes after fruiting. Next years crop will develop on this years new growth. **And don't forget to take any excess produce that you have to your local food bank.**

August is an ideal time to plant seeds for a second gardening season that can be as productive as your major early spring plantings. Late summer is the time to plant these vegetables and herbs.

#### **Beans:**

Start planting both bush and pole beans now that the soil and air are warmed up. Try a continual 7-10 day sowing of different varieties. This will give you continual bean crops and not one large harvest with wasted crop. Early August is the last practical sowing date.

#### **Cucumbers**

Fast growing vine or bush cucumber plants can produce an abundance of cucumber fruits. Be careful to pick a variety for the space you have in your garden.

#### **Kale**

Planting kale mid-July through mid-August will yield an excellent harvest in the fall and winter.

Suggested variety:

#### **Lettuce**

Sow lettuce such as buttercrunch in August for a fall crop. Try growing early harvest varieties that will produce a harvest before cold weather rolls in.

#### **Peas**

Green peas and sugar peas are good to plant in August, and will produce a moderate fall harvest.

#### **Radish**

A quick and easy vegetable to grow. Plant now and you can have them ready in 30 days.

#### **Spinach**

Spinach is more of a cool weather vegetable and is great to grow in August.

**Borders & Flower Gardens:** August and September is also a great time to plant those fall flower bulbs. There are many varieties that can be planted this fall and start blooming early spring. Seed new perennials now. Trim back all those perennials that have finished blooming. Deadhead roses to encourage additional flowering. Prune back shrubs that have finished blooming. Your hedges will enjoy a good trimming now as well. But be careful not to take off more than a third of your plant's size. When the temperatures start to cool off, it will be safe to plant new trees, shrubs, roses, perennials, small fruits and herbs. Remember to include bone meal, peat moss, and manure or your own compost when planting. New trees, roses and shrubs will require a **lot of water** during their first season. Remember to water deeply at least twice weekly and up to daily during especially dry periods. Lack of water in the summer and the problem of winter 'wet feet' are the two most common reasons why gardeners are unsuccessful with new additions.

Positive Parenting

## FAMILY PLACE NEWS

TRIPLE P  
BEING A PARENT

### PROMOTING BABY'S DEVELOPMENT

As well as taking time to touch, cuddle and bond with your new baby, in the first year, your baby will also thrive on you providing lots of opportunities to touch, taste, smell, listen to a multitude of sounds and look at the new world around him or her. As your baby achieves new skills: such as smiling, cooing, grasping things, and rolling over, encourage your baby with hugs, praise, cheers and applause.

Talk to your baby: Take every opportunity to talk, sing or coo to your baby, such as while changing their diaper, bathing them, going shopping or driving. As they approach a year old, name or label things around them; this is how they learn what things are called. Speak to your baby slowly and clearly. Focus on single words: "now it's bath time. See? Bath." Sing and say nursery rhymes at every opportunity. Read picture books to your child. Use instructions such as "wave bye bye", "give a kiss to Daddy". Your child will not understand at first, but baby will eventually learn what you mean.

Give your baby things to look at. In the first few months, your baby will be most interested in things that are shiny, bright and colorful. Ribbons, plastic spoons, bright straws, colorful fabric cuttings. In the first 6 weeks, babies like to see sharp contrasts around them. Such as black and white, then bright colours like red, yellow, green and blue. Mobiles over your baby's cot or change table, or in front of them when they are on the floor or in a rocker. You can make your own mobile: cut out brightly colored shapes from paper, attaching them at different heights from a coat hanger. You can tie toys or other things from around the house. Just make sure these things are safe for your baby and out of their reach. You can hang pom-poms, toys with bells, plastic keys, soft blocks or balls, plastic utensils and ribbons. At around 8 or 9 weeks baby will enjoy looking at themselves in a mirror. Place the mirror about 20 centimeters from your baby. Watch how they seem so delighted by what they see. By 7 months your baby will be learning that the reflection is the real thing and may react to your image in the mirror first...then turn around to see where you really are.

(NEXT MONTH: MORE WAYS TO PROMOTE BABY'S DEVELOPMENT).

**COMMUNITY FREE LUNCH PROGRAM**  
Every Wednesday noon till 1 at Family Place

**Come Join us**

**Story Time in the Park**

**At Family Place August 11, 18, 25**

**10:30 am - 1 pm**

**Story time & free book to take home. Free lunch provided**

**August 6**—Beef Dip and Salad (need FRESH greens!)  
**August 13**—Monte Christo Sandwiches & Salad  
**August 20**—Wraps & Salad
